## A DESIRE TO CONCILIATE

THE UNITED STATES IN REGARD 10 THE FISHERIES

Expressed in the House of Commons -American Vessels Released by the Can diaus.

LONDON, January 28 .- The subject of the dispute between the United States and Great Britain in regard to the Canadian fisheries was brought up in the House of Commons this after-Sir James Ferguson, Parliamentary Secretary of the Foreign Office, in suswer to inquiries, said that the government had been conferring with the Government of the United States on the question. The Canad an fisheries, he said, were very valuable, and the government had followed the policy concerning them which had been adopted by the preceding gov-eroment, and would maintain the rights of the colonists, with every de-sire to conciliate the United States. The government was unable at present to narrate the whole course of the negotistions with the United States, but could state that a dispatch had been received which was of a pacific nature and afforded material grounds for hopes of a final settlement of the dispute, United States M nister Phelps had an hour's conference with the Marquis of Salisbury today at the P.emier's request, to discuss the Canadian fisheries question. The conference was mo t cordial on both sides. Lard Salisbury expressed bimse f gratified at the general tone of the American pr cs and prople in the dispute, and he sesured Mr. Phelps that England and Canada were equally desirous ci an amicable adjustment of the whole

#### THE EXPRESS ROBBER Suffering From Nervous Prostration-Says He Can Explain His

Case Satisfactorily. CHICAGO, ILL, January 28 -A special from Morris, Ill., says Schwar z, the ex-brakeman, charged with the express robbery and murder, is suffering severely from nervous prostration, but is better than when he came. It appears now that Schwariz was not indicted by the last grand jury which met here, although there is something on this point which the officers do not seem inclined to clear up. More re-strictions are being placed upon the jail, and hereafter the freedom will not be extended to visitors Schwartz

has received letters telling him to maintain absolute secrecy; that de-tectives are everywhere about him, and that he will be trapped if he talks. Schwartz claims to be able to show that he handled large numbers of \$50 bills previous to the Rock Island robbery, and says he would have given full information in regard to his financial matters had he been treated fairly. He farther says that no threats will change his determination or course. From many circumstances it is evident that the presecution have great confidence in the alrength of their case.

#### THE SCARCITY OF CARS Permits Only Seven out of Ten Colleries to Resume Work.

WILKESBAREE, PA., January 28 — Owing to a scarcity of cars, only seven out of ten collieries of the Lebigh and Wilkesbare Coal Company in this section will r sume work tomorrow. The cause of the scarcity is that thousands of loaded cars are sidetracked between here and Port Johnson. The railroad companies began moving coal trains today to the full capacity and it is expected that full shipment; will soon be resumed. The miners in the Wyoming and H-z etcn regions are beginning to show general sympathy for the striking coal bands. It is feared that the miners in Hazle-ton region will be requested become a factor in the struggle, if the strike should hold out much longer, especially if the operators in the Hazleton district continue to send Bohe-mian and Hungarian laborers to the scane of the trouble.

#### A PROPER PROTEST Against a Proposed and Very Gross

Injustice, To the Citizens of the Proposed Annex: An effort is being made to extend the city limits from Valentine avenue on the north to Union avenue on the south, and Mhoon avenue on the east, and for this purpose a bill has been prepared and submitted to the City Council, and we are advised forwarded to Nashville to be passed into law by the Legislature. In this bill it is attempted to make the territory within the new limits a part of the city of Memphis and levy a tax of \$2.65 in addition to the State and county tax now paid, and to mortgage your prop-erty for \$300,000 and to levy a tax annually to meet the interest on the same, which simply means confisca-tion of your homes and property. All of which is being urged by a few indi-viduals, none of whom live in said territory, but being the owners of large bodies of unimproved lands assec at very small sums per acre, desire to lay out and improve the at your expense. The individ-nals proposing this scheme have not consulted you, but pro-pose to make you past of the city government and place a mortgage of \$300,000 on y ur proper yand tax you to pay it and the interest thereon annualy, whether you desire it or not and without any benefit to you whatever. A MEDIATOR SELECTED For the Coal Miners of Northumber land.

London, January 28.-John Morley has been agreed upon by both eides as mediator in the disput: between the employers and the coal miners of Northumberland. The employers ordered a reduction of 124 per cent, in the wages of the men. The Board of Delegates of the Miners' Association, to whom the matter was referred for counsel, advised resistance to the reduction, and the question coming back to the miners to be decided by ballot, the miners voted in favor of going out on a strike.

Two thousand employes of Bolckow, Vaughan & Co., iron masters and steel manufacturers at Middlesborough-on-Teess, struck work today. The proprietors threaten to close the works.

Three Children Tied to a Bed Are Rurned to Death.

Cincinnati, O., January 28 -A special from Paducan, Ky., ease that two colored children, aged 3 years, were burned to death yesterday in the out-skirts of the city. Their mother, who had been driven from the house for non-payment of rent, had tied the children on a straw bed on the commons and had built a fire near them-While she was absent sparks caught in the Braw and consumed the bed and the children before their helpless condition was discovered.

Opinion of a Leading Editor. Almost all the diseases that afflict us from infency to old sge have their origin in a disordered liver. A really go:d liver medicine is the most im-portant in the whole range of pharmacy. We believe Simmons Liver Regulator to be the best among them all. ## TJE HORRIBLE TRAFFIC

IN HUMAN SOULS AND MAIDEN VIBTUE

In Michigan Brothels Too True-Unger, the Marderer, Silent-A Fatal Quarrel.

CHICAGO, ILL., January 28—A special from Marquette, Mich., says: Judge C. B. Grant was saked yesterday if he credited the stories told about the brothela of the lumber and mining camps in the Northern penin-sula. He answered that he sentenced the eight girls from Menominee county referred to in the papers, and that their stories are substantially correct. 'I have carefully questioned the in-mates of these dens brought before me, and I am satisfied that the public knows not a tithe of the iniquity car-ried on in them," said the Judge. "I traced many crimes uirectly to these places, and determined to see what force there was in the law and to keep them out of my circuit. In Menominee eleven persons from one den were brought before me—two men and nine women. Minuie Pine, whose story in part has become public, was one of the lot, and told me her history. Her father was fortwenty years Chief of Police in Elmirs, N. Y., and was a very estimable man as I have since ascertained. I wrote to her uncle, and received a long let-ter detailing the history of the girl and corroborated her story in every respect, her uncle having 18000 invested for her. She was invested into this den, where the officers found more sewers to build and more territo her, from Chicago. She tried to get word to her nocle, but her letters were destroyed. She fically got word to an officer, or pretended officer, of Florence county, Wis., who came to the den and said he could do nothing ry to light and police than they can do within the present century. Will you submit? If not turn out to a citizens' for her. She afterwards jumped from a window in the night and took the road toward Commonwealth, but was pursued by the keeper, overtaken, brought back and beaten. The keeper finally promised to take her and another girl back to Chicago, but took them to Marinette, Wis., and sold them to the keeper of a house there for \$25 apiece. Such, in brief, w.s. her story, and I have no doubt of its truth. Several of the other girls had similar experiences to relate. After correspondence with her uncle's attorcorrespondence with her uncle's attor-ney, and after seeing her in the De-troit H use of Correction, I per-suaded her uncle to take her home and then pelitioned the Governor myself for her pardon, which he granted, to take effect February 1st, that being as she could be removed on account of sickness." Judge Grant said he had dealt with forty or more cases and that the situation was not now as bad

as it had been. Unger, the Murderer, bullen and Morose

NEW YORK, January 28.—The two razors with which Elward Unger, the sausage peddler, of No. 22 Ridge street, used in carving up his partner, August Baltz or Bole, after he had killed him in his sleep, in order that he might be packed in the trunk that turned up in Baltimore, were brought turned up in Saltimore, were brought to police headquarters and put away with the rest of the overwhelming evidence sgainst the murderer. Unger sat sullenly in his cell all morning, refusing to speak when spoken to. He is very closely watched to prevent his cheating the hangman out of his just dues. # Colored Woman Shot While Stealing.

Baltimone, Mp., January 28.— Shortly siter 6 o'clock this morning a colored woman named Mary Jones was shot while burg ariously entering the wholesale grocery of Wagner, Everson & Rountree, on Commerce street. For some time goods had been missing and last night a watch was set. A person was seen to enter by the rear window, but in the dark-ness it could not be discovered that the party was a woman, and Mr. Rountree, of the firm, fired a shotgan at the figure, which fell inside the building. The wounds are not serious, though 173 shots have been taken from her side, arm and shoul-der. Mary Jones was employed in a restaurant, the rear of which was near the window where she was shot, and her stealing was done always in the early morning. At her home, in a distant part of the city, was discovered several hundred pounds of sugar and other articles stolen from the store. She will be held for trial.

A Mother and Two Children Drowned.

A Fatal Quarrel.

FORT SMITH, ARK., January 28.—In an altercation this morning seven miles from here, in the Chickasaw Nation, William Banister shot and killed Frank Walker, and was himself wounded in the thigh. Walker had rented a farm on which Banister was living, and this morning was moving in while Banister was moving out. They became involved in a quarrel, during which Banister drew a revolver and shot Walker twice, mortally wounding him. Before Walker fell he fired five times at his antagonist, but only one shot trok eff. ct. Banister was arrested.

#### Wintersmith's Chill Cure.

OFFICE OF THE COURIER-JOURNAL,
LOUISVILLE, KY.

Dr. Wintersmith—Sir: I waive a rule I have observed for many years, the value of your remedy prompting me to say, in reply to your request, what I know of your Chill Cure. The private assurances of its effects I had observed on Mr. R. W. Meredith, who, for more than fifteen years, had been foreman of my office, induced me to test it in my family. The results have been entirely satisfactory. The first case was of two years' standing, in which I believe every known remedy had been tried with temporary relief—the chills returning periodically and with seemingly increased asvarity. Your cure broke them at once, and there has been no recurrence of them for more than six months. The other case was of a milder form, and yielded more readily to other remedies; but the chills would return at intervals until your medicine was used, since which time, now several months, they have entirely disappeared. From the opportunity I have had to judge, I do not hesitate to express my belief that your Chill Cure is a valuable specific, and performs all you promise for it. Respectfully.

Mr. HALDEMAN.
